DETAILED ACTION

Acknowledgment is made of the receipt of the amendment filed on 11/6/01. Claims 1 and 2 are currently pending.

Claim Rejections - 35 USC § 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claims 1 and 2 are rejected under 35 U.S.C. 102(b) as being anticipate by Daniele (US 5,444,779).

Daniele teaches a glyph detector 30 which detects a glyph code within regions 150 or 152 of a document (col. 7, lines 22-24). Upon the receipt of a pixel map image of the glyph code into memory at 91, such as by input scanner 22, the decode values are then determined at step 92 by glyph decoder 34 (col. 7, lines 53-57). Once the glyph code is successfully decoded, the data represented therein may be parsed to determine copyright and related information for the document (col. 8, lines 22-27). Having decoded the glyph and parsed the information, computer 40 would, via information display, provide visual indication to an operator that the document was subject to copyright protection (col. 8, lines 43-46).

Response to Arguments

3. Applicant's arguments with respect to claims 1 and 2 have been considered but are moot in view of the new ground(s) of rejection. The Daniele reference has been applied in view of the amendments to the claims.

Conclusion

4. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
